

Fastaff's Workforce Solutions

Comprehensive Project Management

As the pioneer and industry leader in Rapid Response® travel nurse staffing solutions, Fastaff has changed the game in mobilizing large teams of qualified nurses quickly. When hospitals face critical shortages and need immediate relief, Fastaff delivers faster than any travel agency in the industry, and handles all aspects of project management from start to finish.

In 2019, Fastaff has repeatedly delivered 100% coverage in concurrent projects requiring hundreds of high-acuity nurses with impossibly urgent start dates. When failure is not an option, success is our only response.

Hospitals find it advantageous to engage with Fastaff in critical circumstances while their traditional travel companies focus on the day-to-day 13-week assignments. With many operational logistics to prepare for in short term critical care staffing, they find it best to leave it to the company that specializes in rapid assignments. Our experienced leaders with nurse management backgrounds handle all aspects of the clinical and logistical preparation to deliver the staff you need ready to hit the ground running in days, not weeks.

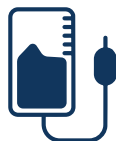

Avoid the stress and confusion of managing multiple staffing vendors by choosing the one agency that financially guarantees success of your largest and most critical staffing projects.

STAFFING PROJECTS
